# DIEGO ABEL SALADO TRINIDAD

## SUMMARY OF QUALIFICATIONS

**Data Visualization:** Tableau, Power BI  
**Machine Learning:** Supervised and unsupervised  
**Python:** TensorFlow, Scikit-learn, Pandas, NumPy / Querying in SQL  
**R:** Statistical analysis, visualization, predictive models  
**SQL:** MySQL, PostgreSQL  
**Version control:** Git, GitHub  
**Workspace implementation:** Docker

## EDUCATION

**M.D. in Data Science**  
University of Guadalajara  
· In progress.

**Bachelor's Degree in Physics**  
Autonomous University of Zacatecas

2018 - 2022

## ACADEMIC PROJECTS

**Prospects in the use of quantum computing to High Energy Physics**

2021

LXIV National Congress of Physics, October 2021. Tijuana, Baja California.

**Implementation of Artificial Intelligence Algorithms in Quantum Computing language.**

2021

LXIV National Congress of Physics, October 2021. Tijuana, Baja California.

**Calculation of the syntactic complexity of some languages.**

2019

Award for the best project of the course "Algorithmic Complexity" semester August-November 2019. Bachelor's degree in Physics from the Autonomous University of Zacatecas.
